"I have found Wine of Cardui such a benefit to me," writes Mrs. Leota Forte of Toledo, Ill., "that I shall continue to use it. I cannot praise your medicine

A tired or languid feeling is a sign of weak vitality, and this, in women, is nearly always due to the debilitating influence of female trouble. When your menstrual functions are out of order, they call upon the nerves for help, and your nerves answer the call by throwing into the weak parts all the blood force and vitality they can possibly get together. Of course this weakens the rest of your body. Of course you feel tired and languid. course you need outside help to keep up your strength and help to make you well. This necessary help you can get by taking Cardui, the pure, old, reliable, scientific remedy for sick women. For tiredness, weakness, irregular menstruation, monthly pains, dragging sensations, debilitating discharge, and all female complaints, a sure cure is

Awful Suffering of Baby and Sleepless Nights of

CURED BY CUTICURA

Skin Fair as a Lily with no Scar to Recall Awful Sore Writes Mother.

"I herewith write out in full the beginning and end of that terrible disease eczema," says Mrs. Wm. Ryer, Elk. River, Minn., "which caused my babe untold suffering and myself many alcepless nights. My babe was born seemingly a fair, healthy child, but when she was three weeks old a swelling appeared on the back of I rhead, and in course of time broke. It did not heal but grew worse, and the sore spread from the size of a dime to that of a dollar, I used all kinds of remedica that I could think of, but nothing dies that I could think of, but nothing seemed to help, in fact, it grew worse. Her hair fell out where the sore was, and I feared it would never grow again. It continued until my aged father came on a visit, and when he saw the haby he told me to get Cuticura Soap and Characant right away. Ointment right away.

"To please him I dld so, and to my surprise by their use the sore began to heal over, the hair grew over it, and to-day she has a nice head of hair, her skin is as fair as a lily, and she has no scar left to recall that awful sore, and it is over eight months and no sign of its returning."

CURE PERMANENT

"Your letter of the 19th inst, re-ceived, asking in regard to the cure of my baby some six years ago. Well, the disease has never returned to her head which at that time was a solid sore on top and down the back." MRS. WM. RYER, Elk River, Minn-Feb. 25, 1903.
